Lincoln, NE 68509

Telephone: 402/471-4918

Information relating to continuing education

On or before December 31st, of each even numbered year, each nursing home administrator holding an active license in the State of Nebraska shall:

1. Complete at least 50 hours of approved continuing education during the preceding 24-month period. No more than the total number of approved hours offered in Nebraska shall be required during this period.
 - a. Academic Credit: A maximum of 25 hours of continuing education credit per a biennial renewal period may be obtained through academic credit; continuing education obtained through academic credit is calculated as follows:
 - (1) On the semester hour system, one semester hour of academic credit will constitute five continuing education credit hours; and
 - (2) On the quarter hour system, one-quarter hour of academic credit will constitute three continuing education credit hours;
 - b. Home Study: A maximum of 25 hours of continuing education credit per a biennial renewal period may be obtained through home study programs.

NAB OR NCERS APPROVAL: Programs approved by the National Association of Boards of Examiners in Nursing Home Administration (NAB) or by the National Continuing Education Review Service (NCERS), need not apply for approval and are considered "Board Approved". Only the number of hours indicated as approved by NAB or NCERS will be acceptable for renewal.
